

- STAIN & MILDEW RESISTANT
- DISINFECTANT RESISTANT
- UV RESISTANT
- BETTER FOR THE ENVIRONMENT
- EASY CARE AND CLEANING

Verde-Tec™

Performance Through Organic Sustainability

Verde-Tec™ is a completely new type of coated fabric made from 100% silicone with a 100% polyester double-knit backing. This new fabric is made from silicone, and is an organic polymer with cleaner building blocks, like Carbon, at the molecular level.

PERFORMANCE

Verde-Tec™ is inherently stain resistant, chemical disinfectant resistant, mildew resistant, hydrolysis resistant, denim dye resistant with superior cold crack performance, and UV resistant with the highest Colorfast to Light rating of any coated fabric on the market today.

THE ENVIRONMENTAL STORY

Verde-Tec™ is solvent free in the manufacturing process, with no VOC in finished product. It is non-toxic, and recyclable because of dry production, resulting in very little water use. Less water to recycle resulting in less energy use.

CARE AND CLEANING

Day-to-Day Cleaning: Remove ordinary dirt and smudges with mild soap and water. A 5:1 ratio of water to bleach solution may be used as a disinfectant. Rinse the surface with clean water after disinfecting. Dry with a soft, lint-free cloth or towel.

Stain Removal: Verde-Tec™ fabric is resistant to most common stains. To keep your chair looking new, stains such as ball point pen can be dry-erased with a clean, lint-free cloth. Gently rub the area until the stain has been removed. Wet or gooey stains such as food stains (e.g., ketchup or jelly) or topical stains (e.g., antiseptics, lotions, and cream) wipe first with a clean cloth or sponge, and then follow the instructions above.

Stubborn Stains: If a ghost stain remains, apply a small amount of household rubbing alcohol (isopropyl alcohol) to a clean, lint-free cloth and rub the stain until it has been removed. Rinse with a clean, damp cloth and go!

Verde-Tec™ performance fabric has a unique leather-like soft hand with a subtle surface drag that is perfect for our power recline lift chairs. This incredible new fabric sets us apart in the industry for innovation and attention to the environment.

Experience Performance Through Organic Sustainability!

*Look for our Verde-Tec™ logo on select chair information sheets for fabric upgrade availability.
